Wipro Ltd, Wipro Enterprises Ltd and Azim Premji Foundation, have together committed Rs 1125 crore towards tackling the unprecedented health and humanitarian crisis arising from the COVID-19 pandemic outbreak. These resources will help enable the dedicated medical and service fraternity in the frontline
of the battle against the pandemic and in mitigating its wide-ranging human impact, particularly on the most disadvantaged of our society. Integrated action will be taken for a comprehensive on-the-ground response in specific geographies, focused on immediate humanitarian aid, and augmentation of healthcare capacity, including containing the COVID-19 outbreak and treating those affected by it. These responses will be carefully coordinated with relevant government institutions and would be executed by the Azim Premji Foundation’s 1600-person team, in collaboration with many of its over 350 strong civil society partners, who have a deep presence across the country. These efforts will fully leverage the technology expertise, sourcing systems, infrastructure, and distribution reach of Wipro. Of the INR 1125 crore, Wipro Ltd commitment is INR 100 crore, Wipro Enterprises Ltd is INR 25 crore, and that of the Azim Premji Foundation is INR 1000 crore. These sums are in addition to the annual CSR activities of Wipro, and the usual philanthropic spends of the Azim Premji Foundation.

On 2nd April 2020 the team from WIPRO, Bengaluru, opened their office kitchen to cook & feed 40,000 migrant labourers. All in 24 hrs. Hari Hegde and Shankar Reshmi from Wipro team made it possible and Nischith and KAS from Govt. were coordinated.

Augmenting Humanitarian support & Health Systems: SAP has set up an India solidarity fund for migrant labour, vulnerable population, infected patients and senior citizens.

SAP has also partnered with United Nations Development Plan (UNDP) India and HelpAge India to strengthen the public health requirements such as ventilators in hospitals, N-95 masks, sanitizers & soaps, monthly dry rations and food packets. Their Code Unnati initiative runs 1500 training centers across India, that employ over 3000 teachers, master trainers and other project staff. While these centers are currently closed, they are ensuring that there is no
disruption in their wages. With NITI Ayog’s Coalition for Rapid Anti-Covid Response (CRACR), they are proposing to build predictive models to showcase various possible pandemic scenarios taking into account multiple variable. With NASSCOM they are engaged in ideating around mitigation solutions around the 5 pillars of containment, treatment, prevention, communication and recovery.

**World-Class Work-from-Home support for Employees:**
SAP has enabled our all of 13000 colleagues India with the best of technology support, to continue to serve India Government and Industry without any disruption, even as they operate from the safety of their homes.

**Open Access to SAP Technologies:**
To help their customers partly address challenges around employee experience due to Work-from-Home, situations and the debilitating Impact of supply chain disruptions, they have opened up some access to some of their technologies, for all. Over the next few days, they also have lined up a series of webinars in to provide more details on these offerings and how to take maximum advantage of these technologies.

The company on Thursday said it will fund up to Rs 200 crore in providing relief measures to communities across the country in wake of the Covid-19 crisis. In a bid to minimise the impact on especially the poor and marginalized sections, Vedanta is providing meals for all. As part of it, the company has pledged over 10 lakh meals across India to the daily wage earners. Additionally, it will also feed over 50,000 stray animals daily for the entire month. Vedanta has tied up with Ministry of Textiles to import 23 machines from China for manufacturing of PPE. It has also collaborated with District Hospitals to provide them with markings, disinfectant sprays, medical equipment etc. Also, BALCO Hospital, in New Raipur, Chhattisgarh has set up isolation wards while a 100-bed hospital has been commissioned in Korba, Chattisgarh. The Cairn Centre of Excellence in Jodhpur has been handed over to administration to be converted to a quarantine centre. In the past one week, Vedanta has provided more than one lakh masks and over 15,500 soaps and sanitizers in rural communities.
Vedanta employees will also donate a day’s salary which will be matched by the company to help provide immediate relief measures to local communities through the CM relief funds.

Deepak Fertilisers and Petrochemicals (DFPCL) has seen increase in demand from segments such as pharma, hand sanitiser, inks and derivatives. DFPCL is the largest and sole manufacturer of IPA in the country. While logistics and supply chain services have been disrupted due to the lockdown but the company has managed to run the plant at full capacity as IPA is a key ingredient in hand sanitiser manufacturing and sanitisers are now essential to fight against coronavirus.” Being the only producer and major supplier of IPA in India, they would like to contribute to the nation with all their capacity diligently, during this crisis situation. They would like to increase their supply through both domestic manufacturing as well as imports to serve the demand growth,” a company spokesperson said, adding that the firm has seen demand rise from 15,000 MT to around 20,000 MT across all segments.

In collaboration with government authorities ACC helped to sanitized more than 250 households of the entire Dehan village of around 13000 inhabitants in Himachal Pradesh. So far 2 lacs people in 72 villages across 15 districts of 11 states have been sanitized or disinfected by ACC Trust. At Bargarh, 60 women facilitated by ACC Trust worked around the clock to produce and dispatched 2500 masks to Bargarh Municipal Council and are now working to fulfil another order of 5000 masks. ACC has enabled 120 women to produce and dispatch 23000 masks.

At Khushberiya and Simatand villages in Sindri ACC volunteers have visited 07 Municipalities and 74 villages with microphone to educate and create awareness among villagers.

Team from ACC at Wadi distributed over 2500 food packets to the migrant labourers.
Britannia has focused its activities on helping the displaced and those without livelihood across Karnataka, Maharashtra and Delhi. Mostly working with state and district administration to provide relief to these constituencies. As part of this relief it has provided biscuits, bread, rusk, cake and dairy whitener. In addition to this they are proactively reaching out to vulnerable communities around our factories and helping them with provisions and hot food as well. In addition, have provided their products to Police on patrol duty, who have no access to food as they keep vigil to enforce the lockdown. Also doing this in Bangalore and Mumbai. They have thus far provided close to million units of their products.

Coca-Cola system in India pledges an initial support of INR 75 crore towards combating the spread of COVID-19, assisting the vulnerable communities and the frontline health workers and working with the Government to create awareness.

- Ambuja Foundation helped in Distribution of Masks, Food Material, Awareness Drive, etc. worth INR 15 Lakhs
- Team from Ambuja distributed 12000 face masks, 2000 packets of dry ration.
- Ambuja through its Foundation helped in Sanitization of 5 villages and to create awareness among 30 Villages
- 50 SHG Women are facilitated by Ambuja Foundation to produce Cloth Masks in Rabriawas and Mundwa.

Agrochemical firm UPL Limited pledged to contribute Rs 75 crore to PM-CARES fund in assisting the government to fight against the coronavirus pandemic which has claimed the lives of over 50 people and infected more than 2,300 others.
The Mumbai-based agricultural solutions company has also kept on standby the premises of its educational institutions such as Gyan Dham School and Sandra Shroff Rofel College of Nursing, both at Vapi in Gujarat, with necessary arrangements to operate as quarantine centres as and when required, it said.

It is also continuously providing large numbers of Personal Protective Equipment (PPE) to frontline healthcare and sanitisation workers who are fighting the battle against the novel coronavirus, the company said in a statement.

The company said that it is additionally supplementing the Central and state governments' efforts by engaging 200 modern mechanical spraying machines (falcons) and 225 staff members to contain the spread of coronavirus.

The company has so far sprayed 11.5 lakh litre of disinfectant solution at Gujarat, Maharashtra, Telangana, Punjab, Haryana, Rajasthan, Madhya Pradesh and Andhra Pradesh, and is working to extend the exercise to other states as identified by the government.

UPL has also mobilised its operational capabilities to manufacture hand sanitisers produced as per the WHO guidelines for distribution to police and municipal corporations.

Pepperfry (Trendsutra Platform Services Pvt Ltd) pride themselves of being a start-up based out of Mumbai and have benefitted from its highly professional, hardworking and passionate people. They set up operations in 2012 and are engaged in ecommerce business focused on Furniture and Home Products. They are headquartered in Mumbai and have 20 more experience centres across various cities in Maharashtra and operate India’s largest furniture warehouse in Padgha, Thane. The State of Maharashtra is blessed with abundant resources and a firm intent to combat this pandemic; in their effort to fight this pandemic, they want to contribute by donating 50 beds and 50 mattresses for the makeshift quarantine facility that is being operationalized across Mumbai.
H.G. Infra Engineering Limited (HGIEL) and its employees, have committed Rs. 2.5 crore to support the fight against COVID-19 pandemic outbreak. The Company has contributed Rs. 1.5 crore to the Rajasthan Chief Minister Covid-19 Relief Fund to support the government in its relief and rehabilitation measures towards the ongoing COVID-19 pandemic. The management and employees of the Company have also committed a minimum of one-day's salary as contribution to the PM-CARES Fund. It is estimated that around Rs. 50 Lakh will be collectively provided by the promoters, management and employees to the PM-CARES Fund. The employees’ contribution is voluntary.

In addition to the aforesaid financial contribution to the Rajasthan Chief Minister COVID-19 Relief Fund and PM-CARES Fund, the Company has set aside a fund of Rs. 50 Lakh to help and support Corona Warriors and Needy Sections of society by distribution of food/meals, gloves, masks, hand sanitisers, etc. and other related support to fight against COVID-19.

Mr. Harendra Singh, Chairman and Managing Director of H.G. Infra Engineering Limited, said, “HG Infra remains committed to support India’s response to the COVID-19 challenge and will continue to build up its support till the challenge is overcome.”

Honda Cars donated INR 50 Lakhs to CM Relief Fund and supplied 200 sprayers worth INR 30 Lakhs.

UCCI donated INR 10 Lakhs to DM Relief Fund, Udaipur. The Chamber has also handed over 1435 N-95 Masks to CMHO.

DLF contributes Rs. 5 crores to the HARYANA COVID Relief Fund. DLF Foundation has been at the forefront working with all stakeholders to help the
poorest of the poor in the midst of the Corona Virus pandemic. DLF Foundation is ensuring distribution of more than 27 lakh meals to the poor in urban slums and migrants in NCR who are stranded, have lost their daily means of livelihood and have nowhere else to look for support. The Foundation is committed to serve the underprivileged in this time of utmost need and distress. This is only a beginning and in addition to the number given above, DLF Foundation will continue to serve 60,000 cooked meals everyday through DLF Clubs and Akshay Patra. All meals are being distributed to the poor migrant workers and daily wage earners in the urban slums in Gurugram, Delhi and Noida. The Foundation is working very closely with the District Administrations of Delhi, Gurugram and Noida which are helping in both identifying the most needy and distributing meals in areas where they are most required.

DLF Foundation is also providing Medical Relief and Safety Equipment to the District administration for distribution to those in need. The Foundation has provided 75,000 face masks, 3 lakh examination gloves, full body suits and sanitizers to the district authorities in Gurgaon, Noida and Chennai. The Foundation has also donated ICU Ventilator, 5 Multiple Diagnostic Machines, 40 Hospital Beds, multiple Oxygen cylinders and Mattresses to the South Delhi Municipal Corporation for a Municipal Hospital in South Delhi.

A sum of Rupees Five crores has also been donated to the Chief Minister’s Relief Fund in Haryana. In addition, a sum of Rs. 50 lacs have been donated to the Tamil Nadu State Relief Fund, Rs 10 lacs to the Chennai Kanchipuram District Relief Fund and Rs. 5 lacs to the Society for Cyberabad Security Council in Hyderabad.

Huwawei India contributed INR 1 Crore to the Prime Minister’s Citizen Assistance and Relief in Emergency Situations Fund (PM CARES Fund) in this hour of India’s battle against COVID-19.
Apart from this, they have also contributed an additional INR 6 Crore across 6 states of India through their NGO partner i.e. ‘Charities Aid Foundation (CAF) India’. They are also fully supporting their customers and ecosystem players to perform fully their duty at this hour of critical need for the country, in keeping the essential services running.

SREI Infrastructure Finance Ltd. has already initiated the process of distributing dry ration (rice, dal, aata and potatoes) to around 6500 poor families in their licensing area. The distribution will be started from 7th April 2020 through the support of local administration.

PepsiCo India, along with its parent company’s philanthropic arm PepsiCo Foundation, will provide 25,000 COVID-19 testing kits and over 5 million meals to support families impacted by the coronavirus outbreak in India. It has partnered with Akshaya Patra Foundation for distribution of cooked meals, and with Smile Foundation for providing dry food ration to support meals for over 8,000 vulnerable families impacted by the pandemic. This initiative is part of parent company PepsiCo’s global programme called 'Give Meals, Give Hope'.

JK Organisation, which has diversified interests including tyres, cement and paper, on 3rd April 2020 pledged Rs 10 crore for fight against the coronavirus pandemic. While a large part of the fund will go to the Prime Minister's Relief Fund in fighting COVID-19, the rest will be utilised in meeting the immediate needs of communities and migrant labour, currently underway, at several locations across the country, the organisation said in a statement. "The relief work which has been undertaken by the member companies JK Tyre, JK Paper, JK Lakshmi Cement, JK Fenner and others
are going on for quite some time at several places, includes distribution of food, drinking water, masks, sanitisers, safety kits for various front line workers of health and sanitation departments, creation of isolation wards etc," it said. Commenting on the initiatives, JK Organisation President Bharat Hari Singhania said: Integral to our philosophy of making a substantive impact on the ground and working for the needy, we have been fighting the battle at several fronts by supporting the communities, helping migrant labours and our own employees families residing at our plant townships.

The organisation is also constantly looking at ways to plug the shortfall of masks, protective gears, sanitisers and other items of necessity at the community level, the statement said.

JK Organisation is also supporting government officials, police department and government hospital employees with packed food and drinking water with the help of NGO's. The organisation has also been supporting the district health department by providing ambulance, safety materials, masks, soaps, hand gloves to sanitary workers in municipal corporations, it added.

In more than 150 villages around JK Organisation's plant across several states, the company has educated people about COVID-19 through public address systems, door-to-door visits, banners and posters at prominent locations and fumigation drives.

More than 20,000 masks and sanitizers in the villages have also been distributed in its fight against coronavirus. The organisation has also set up 50 medical camps in several villages to check for symptoms. Awareness sessions were also conducted for nearly 5,000 truck drivers, suppliers and other vendors, and provided with masks as well as sanitizers.

An apex team, which includes all directors, CEOs and other top executives have been reviewing the situation regularly, and ensuring all actions are being implemented in a timely manner, the organisation said.

The nationwide lockdown, amid the deepening COVID-19 fears, has had a disruptive effect on the under privileged and the marginalized communities.
At a time when thousands of migrant workers and daily wage labourers have found themselves without work, Magma has stepped forward to help the needy fight the critical financial impact of the outbreak. They have pledged to provide food to the 15000 underprivileged and the marginalized communities. And partnered with top quality implementation agencies / NGO partners to offer freshly cooked meals and dry ration in several states.

Bharti Enterprises and its companies Bharti Airtel, Bharti Infratel and others are contributing a sum of over Rs 100 crore for India’s fight against COVID-19.

- A significant portion of the corpus will be immediately contributed to the PM - CARES Fund.
- The balance amount is being directed towards sourcing of masks, PPE and other key equipment for the doctors, healthcare workers and essential services personnel who are at the forefront of this massive battle. Over a million N-95 masks are being procured and will be made available on an immediate basis.
- Employees of Bharti are also making personal voluntary contributions towards this cause through a platform set up by the company. Bharti Companies will match the amount contributed by their employees, and the same will be contributed towards the Covid-19 initiatives.
- Airtel’s network teams continue to work 24X7 to ensure that India’s digital backbone continues to operate seamlessly and people stay connected with their loved ones and are able to work from home at this hour of global crisis.

Mondelez India has completed the following:

- 1 lakh masks, 45 cans of 5 litre sanitisers and 3000 bottles of sanitisers donated to Maharashtra government to be distributed to frontline staff
- 1800 relief kits – consisting of critical masks and sanitizers and some snack products like chocolates, biscuits and Tang, distributed to frontline staff around their factory locations.
Marico in collaboration with FICCI SEDF is distributing Saffolla ready to eat oats to frontline health workers, Police personnel and vulnerable communities pan India. A total of 33,940 kilos of Saffolla oats, serving 8,93,158 servings is being distributed. The distribution so far has been done in Jammu, Rohtak, Chandigarh, Zirakhpur, Chennai, Coimbatore, West Bengal, Vijaywada and Hyderabad.

Nuvoco Vistas Corp Ltd has made the arrangements to provide cooked food through its factory canteen to its migrant labourers. The company has also made the arrangements to serve dry ration to migrant workers living in around Plant sites.

India’s leading commercial vehicle manufacturer, Ashok Leyland, flagship of the Hinduja Group announced a slew of measures to support customers, drivers, employees, community, Government, and medical fraternity. Re-affirming the brand promise of ‘Aapki Jeet. Hamari Jeet.’, Ashok Leyland announced measures for customers that would help them with business continuity in these difficult times.
Particularly, on the extension of warranty and service period, as the commercial vehicle industry is the backbone of the economy, and in these times, their wheels need to be running to transport essentials, medical supplies, and other emergency needs from one place to another. These initiatives are:

- All MHCV models – Warranty / Extended Warranty period expiring between 15th March, 2020 and 15th April, 2020 shall be extended by 2 months
- Free services due between 15th March 2020 and 15th April, 2020 shall be extended by 2 months for availing the service
- All LCV models – vehicles whose free service falls between 1st March 2020 and 15th April 2020, the same has been extended and can be availed up to 31st May 2020
- Vehicles whose warranty would expire between 1st March 2020 and 30th April 2020 has been extended up to 31st May 2020
- Extended warranty of vehicles, expiring between 15th March 2020 and 14th April 2020 has been extended up to 14th May 2020

Apart from service warranties, ServiceMandi, a digital initiative of Ashok Leyland that provides roadside breakdown assistance, had tied-up with HPCL, with whom Ashok Leyland already has an association for en-Dhan fuel cards, to create a task force. This task force, through the field executives of Ashok Leyland, contacted the stranded drivers across the country through WhatsApp and phone to provide assistance for the following:

- Basic grocery kit consisting of rice / atta, dal, and other basic necessities to cook food, mask, hand sanitisers, and soap was provided
- To those who wanted a safe parking space for their trucks and shipment, HPCL offered parking space in their bunks
- To those who wanted cash, money was transferred quickly to the local HPCL bunk owner’s account, who in-turn withdrew the same and handed it over to the drivers

Over 2000 drivers across the country have been supported through this initiative.
Apart from the above, breakdown assistance for more than 100 vehicles carrying essential items were attended by ServiceMandi workshops. This included all brands of commercial vehicles. Despite restrictions, permissions were obtained from concerned local authorities to reach and restore the vehicles.

Moreover, Ashok Leyland created a national helpline for stranded drivers to reach out for any kind of assistance that they might require during this lock down period, under an initiative called “Here to Care”. Support in the form of food, water, essentials, and service support are provided through this initiative.

Measures announced in association with the Department of Health and Family Welfare:

- Supplying protective items:
  - 3 ply masks – 5000 nos
  - N95 masks – 2500 nos.
  - Disposable gloves – 5000 nos.
  - Liquid handwash – 500 litres
  - Sanitisers – 100 litres
  - Bottle with pump (300 ml) – 1000 nos.
  - Bottle with flip (40 ml) – 1000 nos.
  - Lizol disinfectant (5 litre cans) – 180 nos.
  - Body suits for health service personnel – 300 nos.
  - Saviour Chemguard – 30 nos.
  - Splash goggles – 300 nos.

- Deploying ten vehicles (8 Dost and 2 ICV) with drivers for emergency logistics operation for use by the health department.

Other initiatives by the Power Solutions Business of Ashok Leyland include:

- 250 KVA genset shipped to Tiruvallur General Hospital, 62.5 KVA genset to 150 bed special ward of Madurai Medical College to treat Covid-19 patients
- 250 KVA commissioning at Chromepet Government Hospital

In a constant endeavour to extend all support, Ashok Leyland extended the services of its kitchens in the plants to support the dietary needs of doctors, paramedical staff, civic and sanitary workers, health department officials, and the local community:
As of now, five of the plants are providing meals as per the data given below:

Ennore is catering to civic staff working in Thiruvottiyur Zonal Office, and doctors and paramedical staff working in Stanley and RSRM hospitals. Hosur caters to civic staff and migrant labourers. VVC caters to civic staff of Ponneri, and health staff of Minjur. Pantnagar caters to the civic staff, drivers, and poor people of the community. Hinduja Foundries, Sriperumbudur caters to doctors and paramedical staff. All these supplies will continue during the entire tenure of the lockdown period.

Apart from these, the following measures were also taken:
- 200 sets of PPE Kit consisting of cap, gloves, mask, and apron was provided to GH doctors
- 181 migrant labourers from UP, Bihar, and Maharashtra are provided food by the Hosur plant
- Basic essentials provided to doctors and paramedical staff by the Pantnagar plant
- Around 43000 Aavin flavoured milk tetra packs of 200ml each have been handed over to the Chennai Corporation Commissioner, to be supplied to civic staff

Public Transport support to Delhi Transport Corporation:
As soon as the nationwide lockdown was announced, all state governments immediately shutdown their public transport to avoid community spread of COVID-19. But Delhi Government took a bold step and announced that 50% of the Delhi Transport Corporation (DTC) buses will be operational from 24th March’2020, to ensure those involved in essential services do not face problems. The DTC leadership team convened a meeting and decided to support DTC to provide roadworthy buses for the operations.
Their DTC Service Team based at Delhi/NCR with a team of AL Executives along with third party and dealer manpower are working round the clock, to ensure public transport connectivity is made available to all the essential service personnel required to fight against COVID-19.

Operations were started by initiating the following steps across all 10 Depots:

1. **Leading by example** -  
   AL executives continued visiting all depots, met the workforce, motivated them and emphasized the need to use masks, sanitization of their hands and their workplaces.

2. **Providing Mask & Hand Gloves** –  
   AL Team arranged for face masks and hand gloves for all the workers in the depot.

3. **Social Distancing** –  
   The team also implemented ways to maintain social distancing among workers whilst in the workshop.

4. **Temperature Checking @ Entry Gate** –  
   Checking of body temperature, through infrared thermometers, of all the workers and daily maintenance of records. If a worker was detected with fever he was advised to go and meet the doctor.

5. **Cleaning of tools with Sanitizer/ Dettol** –  
   Everyday cleaning of the depot premises and all the tools before using them with sanitizer or Dettol to avoid any infection.

Irrespective of all the hardships like non-availability of required manpower, limited quantity of consumables and parts, along-with the risk of infection, our AL DTC team is demonstrating the true AL philosophy of “Aapki Jeet. Hamari Jeet.”, by providing seamless services to DTC during the lockdown period.

**Measures taken for the safety of employees:**  
Ashok Leyland, the health and safety of their employees is their top priority. They are constantly monitoring the situation and have taken several measures to ensure the safety and well-being of our people.
They took a conscious decision to implement work from home with the objective of maintaining physical distance to contain the spread of the virus. They have also, temporarily, suspended operations in all our plants. They have an emergency response team in place, who are working round the clock to answer any queries that employees may have, and allay any inherent concerns. Their IT department has ensured that work from home is seamless.

Their employees have also been extending all possible assistance to people in and around our plants, offices and communities, in case they need support.

Financial services conglomerate IIFL Group has committed Rs 5 crore to fight the coronavirus pandemic. The company said it is making contribution to the PM-CARES Fund (Prime Minister's Citizen Assistance and Relief in Emergency Situations Fund) to support the ongoing relief efforts. Founder of IIFL Group Nirmal Jain said that besides the contribution, the company is engaging its more than 18,000 employees also to mobilise more support for this cause.

Kotak Mahindra Bank and its Managing Director Uday Kotak pledged immediate support of ₹50 crore to the PM-CARES Fund.

BHEL, its employees contribute Rs 15.72 crores to PM-CARES fund. BHEL has made a contribution of Rs.7 crore through its CSR (Corporate Social Responsibility) funds while its employees have donated their one-day's salary (total contribution 8.72 crores) to the Prime Minister's Citizen Assistance and Relief in Emergency Situations Fund (PM-CARES Fund).

Financial services conglomerate HDFC Group on 2nd April 2020 has committed Rs 150 crore to the PM-Cares Fund to support the government for its relief and rehabilitation measures towards the COVID-19 pandemic.
Nippon Paint India-Automotive Refinish has donated funds to over 1,000 workers and painters in the automotive refinish business as the COVID-19 crisis continues to wreak havoc to business and economy in the country. The funds have been generated internally through their trust that is run and funded by employees of Nippon Paint India.

Dabur Group commits Rs 21 crores on 7th April 2020 towards relief efforts, helping meet immediate needs of those most affected by this pandemic. Out of this pledged amount, a sum of Rs 11 crore is being contributed to Prime Minister’s Citizen Assistance and Relief in Emergency Situation Fund (PM CARES Fund) by Dabur India.

Kalyan Jewellers, has announced that it would set aside Rs 10 crore towards the cause of fighting the novel coronavirus, COVID-19. The company will partner with local and government bodies to ensure that the funds are allocated in a meaningful and efficient manner. Ensuring availability of supplies and providing food and other essentials to the vulnerable sections of society, will be given top priority.

Max Group announced that it will donate Rs 5 crore through their online pledges. The amount will be utilized for providing relief through NGOs, especially to the underprivileged. The group has also started multiple initiatives including donating sanitizers and masks.

Chinese short video platform TikTok on 1st April 2020 donated 400,000 hazmat medical protective suits and 200,000 masks worth Rs.100 crore in order to help doctors and other medical professionals tackle the spread of COVID-19 in India.
FMCG major Nestle India on 4th April 2020 has announced an initial grant of Rs 15 crore for providing food and essential groceries to the needy amid the coronavirus lock down. It will also support purchase of medical equipment, PPEs for hospitals to fight against the Covid-19 outbreak.

The company has started with a contribution of Rs.1 crore to Narayana Hrudayalaya Foundation for purchase of ventilators for Delhi/NCR. The company would participate with NGOs working on distribution of food and essential groceries. They have already started the process of donating their brands to local governments to support the needy. Moreover, its employees are helping the Indian Red Cross Society to provide relief in the impacted areas through their voluntary contribution program, which is then topped up with equivalent contribution from Nestle India. The company has also distributed free ‘Ready to drink’ milk in Ernakulam district, Kerala to the needy.

Mankind Pharma, joins the fight by donating Rs 51 crore to CM Relief fund to manage this disaster. Mankind will be donating ventilators, Personal protective equipment (PPE) and Medicines to the states reporting maximum number of positive cases. Mankind Pharma will be working closely with the Governments of Kerala, Maharashtra, UP, Uttrakhand, Bihar, Tamil Nadu, Karnataka, AP, Telangana, Delhi, Haryana, HP, Madhya Pradesh, Rajasthan, Gujarat, Punjab, West Bengal J&K, and Orrisa. Mankind’s 14,000 employees have contributed one day of their salary to the promised amount.

In lieu of COVID-19 & the efforts being undertaken worldwide, Cipla Foundation have come together with partner organizations HelpAge India and Americares India to act towards this emergency. They are sensitizing communities on the importance of preventive & precautionary measures through awareness sessions.
Kaka-Ba Hospital, the CSR wing of Cadila Pharmaceuticals in association with Gujarat Police distributed masks to the police officers in Dholka in the wake of COVID-19.

Cadila has always been active in its CSR initiatives. The Kaka-Ba hospital has been conducting multiple free health check-up camps for the people who can’t afford. The patients who require medical attention are then taken to the Kaka-Ba hospital near Ankleshwar where their procedures are done for minimal costs. The CSR team also organized a self-help group amongst the women of Bhat to help them make a livelihood for themselves through embroidery techniques.

Dr. Lal PathLabs Limited, a leading diagnostic and related healthcare service provider announced a donation of Rs. 1 crore to PM’s Citizen Assistance and Relief in Emergency Situation (PM CARES) to help the government in its fight against coronavirus. Dr. Lal Path Labs is one of the diagnostic chain which has been approved by the Indian Government to perform Covid-19 testing at one of their facility in Delhi. Given their infrastructure of more than 200 satellite labs, more than 2500 collection centres and over 6400 direct pickup points, Dr Lal Path Labs has the capability of collecting samples from any part of the country and transporting it to Delhi for testing.

Food delivery giant Zomato has set up a fund to support families of the daily wage workers in India in the absence of employment opportunities. Known as ‘Feeding India’, the initiative has successfully received more than Rs 6 crore in funds.

Zomato had acquired the not-for-profit, Feeding India, last years as part of its corporate social responsibility. For the current initiative, Zomato has partnered with various NGOs to make sure of responsible distribution of the meal kits bought by the funds while maintaining social distancing. About 1 lakh meals have been distributed to the needy every day.
India’s largest steelmaker Steel Authority of India Limited (SAIL) on Tuesday contributed ₹30 crore to the Prime Minister’s Citizen Assistance and Relief in Emergency Situations Fund (PM CARES) set up to fight the deadly coronavirus.

SAIL employees have also contributed a day’s salary to the fund, amounting to approximately ₹9 crore. The company has also provided large number of medical facilities including ICU beds, isolation beds, quarantine facilities, and sanitizers at hospitals and to its workers.

Apollo Hospitals in association with SBI and in collaboration with OYO, Lemon Tree & Ginger are setting up 5,000 isolation Rooms across multiple facilities in Hyderabad, Chennai, Mumbai, Bengaluru, New Delhi and Kolkata.

These isolation rooms will house guests that need isolation and while Apollo Telemedicine Networking Foundation ensures remote medical service, SBI will be the financial partner, and OYO, Lemon Tree & Ginger will be providing their facilities. The healthcare workers are going to be stressed; therefore, an innovative telemedicine solution has been devised to create a protected medical layer over the isolation rooms. The model is envisaged to have a combination of self-paying and CSR funded customers. The purpose of partnering with multiple facility brands is to ensure that all socio-economic segments of society have an equal opportunity to avail these services.

The model is envisaged to have a combination of self-paying and CSR funded customers. The purpose of partnering with multiple facility brands is to ensure that all socio-economic segments of society have an equal opportunity to avail these services. A lead form will be made available on Apollo website for a customer and a confirmation for room will be shared within three hours (if available). In addition to Zomato being Apollo’s F&B partner & HUL committing to supply PPE Kits, Sanitizers, Soaps & other Protective gear, a project of this magnitude or magnanimity will need several partners across the supply chain to come on board.
Owing to SBI & HUL’s generosity, 50% of category 1 rooms (Oyo) would be made available for free of cost to those who cannot afford. The working protocols, functioning and monitoring framework have been developed, and the project is set to be announced on 30th March, 2020. As part of phase 1, we will be announcing ~600 rooms in Hyderabad, Bengaluru, Mumbai & Delhi. This is only a model, they believe the country needs a large number of these, so they have created a scalable and replicable model. Apollo will be at the forefront for creating up to 5k rooms along with their partners but are happy to share the mechanism for others.

Samsung pledged a contribution of INR 20 crore to the Union and State governments in India. Samsung will be donating INR 15 crore to the PM Cares Fund, and INR 5 crore to the states of Uttar Pradesh and Tamil Nadu, to support the country’s challenge against the pandemic. Food Bank donated ration, food packets to daily wage labourers in Gurugram’s Nathupur Village, Iffco Chowk, Leisure Valley Park and Chakarpur village in association with the Gurugram District Administration.

Coronavirus (COVID-19) has been declared a global pandemic and is spiralling irrepressibly within several states in India. Lack of knowledge on social distancing, precautionary measures, and required medical assistance is increasing the risk of the virus passing to a healthier population. Addressing these challenges, STL, formed Project Savdhaan. It is an initiative to intensify COVID-19 awareness in India through an online workshop and on-ground sessions in specific locations.

STL Academy is an endeavour by STL, to create an ecosystem of optical fibre professionals. The academy has a large pool of professionals and students registered with it. Under Project Savdhaan, STL Academy conducted COVID-19 online awareness drive in association with Telecom Sector Skill Council (TSSC), Infrastructure Equipment Skill Council (IESC) and Telangana Academy for Skill and Knowledge (TASK). Over 1,00,000 youth registered with these, not for profit organisations attended the online workshop. The workshop was broadcasted on 27 March 2020 from Hyderabad and later hosted on www.stluniversity.com for everyone. Medical experts conducted the 1-hour workshop and covered topics such as preventions and risk, social distancing, and community-based measures to mitigate the spread of COVID-19.
STL has also proactively initiated awareness sessions to dispel fallacies about the virus at villages in Dadra and Rakholi, Silvassa. The drives are being conducted by Indian Red Cross doctors as part of the company's Mobile Medical Unit CSR program. Tribals are being informed on COVID-19 spread through physical contact and basic etiquette to be followed in the event of a fever, cough or cold. Doctors are even highlighting why 'hand washing' is essential to prevent the spread of the virus. The drives are initially being done across 36 locations in Dadra and Rakholi that the Mobile Medical Unit covers and will then continue at other villages in the vicinity. These drives will help ensure that the tribals are aware of the precautions to be taken, get access to quality medical care to treat any symptoms and address any panic situation.

Toyota Kirloskar Motor (TKM) announced several measures to support customers navigate the uncertainties of COVID 19. As a sign of strengthening its bond with customers, TKM announced a host of service packages to help them through this unique situation.

The new set of services being offered by TKM include extension of Vehicle Warranty (New & Toyota Vehicle Purchased from TOYOTA U-TRUST), Free Maintenance Service, Roadside Assistance, Extended Warranty & SMILES Pre-Paid maintenance package for up to two months.

TKM is offering an extension until 31st May, 2020 for the customers whose respective Programs or Products may have expired during this lockdown period.

To ensure the vehicles remains in the best of the conditions, Vehicle Inspection, Car Cabin Care, Tyre, & Battery will be provided at special prices once the Dealerships are operational.

Considering the situation and the prolonged parking of the vehicle, TKM along with its Dealerships have also provided various maintenance tips to be considered during this lockdown period.
Toyota Kirloskar Motor (TKM) announced to provide Personal Protective Equipment kits to the medical staff and public health workforce in the state of Karnataka. Further, the company will also distribute daily food rations and essential kits to daily wage workers through Government of Karnataka’s local district administration in Ramanagara near Bangalore.

The doctors, paramedics and other hospital staff who are at the frontlines of the fight against Covid 19 are susceptible and require Personal Protective Equipment Kits to carry out their duties effectively. In this situation, in order to support the efforts of the Government, TKM is providing Personal Protective Equipment kits to Government Health Volunteers based on the requirement of the Government. The distribution of the Hazmat Suits will be executed in a phased manner wherein 1000 sets of the suits will be provided in Phase I followed by distribution of 2000 sets in Phase II.

The 21-day lockdown announced by the Government to contain the spread of the virus has also had an impact on the lives of the daily earners across the country. In such uncertain circumstances and juncture of social distress, the company will also provide 1000 essential kits and food supplies to the daily wage workers, benefitting over 5000 members in the community. Each kit consists of 20 food items and essential. TKM is in constant touch with the Karnataka Government and will continue to evaluate, adequately supplement existing initiatives as also suitably enhance the scope of its support in the fight against Covid 19.

Toyota Kirloskar Motor (TKM) is also continually engaging with and supporting other stakeholders who are making efforts to fight this pandemic. As a part of this endeavor and in keeping with its continued backing to supplier development activity, TKM provided its expertise to Stumpp Schuele & Somappa Springs Pvt. Ltd. to significantly enhance the capacity to manufacture the face shields for the public health workforce and law enforcement agencies in the state of Karnataka.
Based in Bangalore, Stumpp Schuele & Somappa Springs Pvt Ltd., a major manufacturer of springs in India, has taken a proactive initiative to develop and produce face shield in order to assist the healthcare department, hospitals, diagnostic centres, and other medical facilities who are on the foreground in the fight against COVID-19 outbreak. Initially, the company was producing 275 units of face shields per day. However, with the support of Toyota Kirloskar Motor, with its expertise in Toyota Production System (TPS), the company has managed to ramp up the production and has successfully started manufacturing over 5,500 units. Given the positive result, the company is now focusing on scaling up the production to much beyond 10,000 units per day, in the coming days.

Tata Motors is focusing on the supply of essentials to the communities most affected the COVID-19 lockdown by facilitating production of protective gears and medical kits to curb spread of COVID-19 as part of its CSR initiative. The company has so far provided over 25,000 packets of cooked meals and over 5,000 grocery kits (ration) to migrants and stranded communities, urban slums, drivers, co-drivers, mechanics, contractual and temporary workers, among others as part of the initiative. In addition to this, the company has established two helpline numbers for temporary and contractual workmen for food related requests in Lucknow and is providing water to 19 police stations and traffic police in Pune.

Tata Motors also has partnered with Indian Oil Corporation distribute food packets and personal protective kits to truck drivers visiting companies "Saarthi Aaram Kendra (SAK)" in Narsapura (near Bengaluru) and Bawal (near Gurugram).

Besides, the company is supporting and assisting self-help groups to manufacture home-made certified masks and sanitisers for distribution across hospitals, vendors, health-workers, police stations, army personnel and in communities around the company's plants.
Till date, the company has enabled the manufacturing of 17,000 home-made certified masks and also facilitated N95 masks, sanitisers and personal protective equipment kits that are being distributed to municipal hospitals. Further, it has conducted health check-ups and provided basic medication to over 500 stranded truck drivers and co-drivers in Belur, Dharwad.

The ICICI Group has contributed Rs. 80 crore to the PMCARES Fund apart from an additional commitment of Rs 20 crore to state, governments, hospitals, CISF and police forces in terms of protective equipment. In total, ICICI Group has committed Rs 100 crore towards Covid-19 relief measures.

Across plant sites in Baddi, Bhiwadi, Goa, Mandideep, Hyderabad and Ahmedabad, they are providing ration, products and critical supplies to communities and Government organisations.

Transworld Group used multi-dimensional approach to extend support to various stakeholders.

Transworld’s strategy was to support localized solution to maximize impact by effective outreach to the most in need. The support was extended in two phases to manage support at all ends. As mobility was completely restricted, Transworld chose to work with established channels to ensure support is extended as needed and refrained from adding more people on the roads for procurement and delivery.

To support India’s war against COVID-19, contribution was made to PM Cares as part of their endeavour to assist government’s massive efforts for national preparedness and response for COVID-19.

They extended support of 1030 sanitizers for Mumbai Police personnel. Transworld procured 30 bottles of 500 ml sanitizers as well as easy to dispense 1000 bottles of 100 ml, which the police personnel can easily carry with them in their pockets.

Transworld extended support to 275 Sanitization workers conducting National Disinfectin program across the city each night during the campaign.

They procured 200 face shields from Imaginarium that provide complete coverage of face, ears and neck and are extremely ergonomic as well as comfortable for long hours of use. These were provided to Navi Mumbai Municipal Corporation hospital healthcare workers.

Transworld collaborated with InDeed – Dentsu Aegis Network (India) to provide 300 PPE kits in Maharashtra.
PPE kits comprising of coverall suit with hoodie & shoecover, gloves, 3 play mask, goggles, N95 Masks, disposal bags were procured from certified manufacturers following the necessary standards and certifications stipulated by the Government of India. The support helped 300 health care workers on the front lines to do their life-saving work in Maharashtra through engaging with departments such as -

- Maharashtra Health Department- 100 PPE kits
- Brihanmumbai Municipal Corporation (BMC)- 100 PPE kits
- Navi Mumbai Municipal Corporation (NMMC)- 100 PPE kits

**Dry ration and hygiene kits to daily wage workers**

In Maharashtra, the support was extended to provide ration to 500 families of daily wage workers residing in Dharavi who are the hardest hit and form most vulnerable households with the support of Give India’s platform implemented by Action-Aid India.

**Care Kits by Hasiru Dala**

They also associated with a local NGO partner- Parnasree Jeewandeep Sewasansthan and supported nourishing meals for 400 contractual port workers in Kolkata for 10 days.
Citi has pledged a total of INR 75 crores through various initiatives to mitigate, in some measure, the hardships faced by the low/middle income strata of society.

First, working with several leading community organizations and an educational institute, they are prioritizing contributions into public health relief and economic support with an allocation of INR 50 Crores. The rest of their pledged amount (i.e. INR 25 Crores) is earmarked for programs that will aid India in the longer term, such as medical infrastructure, youth training for healthcare, and women entrepreneurship. As part of their commitment to innovation, Citibank is also part funding six startups that are developing solutions to combat the pandemic.

In addition to multiply community efforts, they are encouraging retail and credit card customers to pledge their support. For every INR 500 or more donated through Citi Cards on the “PM-CARES Fund” website, Citibank will contribute INR 1,000 to this cause, between May 20 and June 10. Citibank is also matching the donations made by employees through their payroll.

Citibank remains committed to India as it navigates through these extraordinary and difficult times

**Institutional CSR Contributions by Citibank**

- Serving 1 million warm meals for daily wage earners and individuals from mid-to-low income households across Mumbai, Thane, Pune, Chennai, NCR, Hyderabad, Bengaluru and Ahmedabad through Akshaya Patra Foundation

- Testing for up to 100,000 individuals from mid-to-low income households. Under project *UMMEED*, Citi is partnering with Cipla Foundation, United Way of Mumbai (UWM) and testing laboratories approved by Indian Council of Medical Research (ICMR), New Delhi and National Institute of Virology, Pune
• Supplying a month's worth of food rations and cleaning provisions for 50,000 daily wage earners and their families residing across Mumbai, Thane, Pune, Chennai, Bengaluru, Kolkata, Hyderabad and NCR in partnership with UWM

• Part funding six startups incubated by the Society for Innovation and Development, founded by Indian Institute of Science (IISc), Bengaluru to build solutions for commercial use. Testing kits, repurposing drones to spray disinfectants and provide crowd-control support, hand-held inflammation monitoring instruments, a potential vaccine, portable molecular diagnostic labs and a web-based application for COVID-19 diagnosis are under development.

• Providing masks, sanitizers, and dry fruits for children undergoing treatment for cancer, and their families, at locations of St. Jude ChildCare Centres across Mumbai, Navi Mumbai, NCR, Hyderabad, Kolkata, Jaipur, Chennai, Vellore and Varanasi.
