

FICCI comments on IIP data for February 2016

New Delhi, 12 April 2016: “The modest growth in manufacturing while remains a concern in the short term, but we are optimistic that the reforms undertaken by the Government would boost growth in coming months” **said Mr Harshavardhan Neotia, President, FICCI.**

“While there is an immense potential to grow for the manufacturing, but currently with the demand scenario not so optimistic industry is also cautious on any large scale expansion” **noted Mr Neotia.**
