

## **FICCI comments on the launch of dashboard for Foreign Trade Data**

**New Delhi, 10 October 2016:** Welcoming the enhanced dashboard for Foreign Trade Data, **Dr. A Didar Singh, Secretary General, FICCI** said, “We are encouraged to see the dashboard on foreign trade data, launched by Commerce & Industry Minister today. An important part of the Digital India Programme, it is a significant effort towards greater transparency in policy-making. This will go a long way in making trade-related information and statistics available for all stakeholders in a user-friendly manner”. Complimenting Minister Nirmala Sitharaman, Dr Singh added “To have such a comprehensive and exhaustive dashboard of complex trade data is a major initiative. Besides playing a critical role in improved data analytics, it will be an easy-to-understand tool for the business community and immensely benefit the existing exporters/importers as well as the prospective traders.”
