Free Trade Agreements

India-US trade push: Piyush Goyal urges firms to use facilitation portal
Commerce and Industry minister Piyush Goyal on Wednesday urged businesses and exporters in India and the US to actively use the India-US trade facilitation portal to strengthen bilateral trade, PTI reported. "I urge all members of industry bodies, Export Promotion Councils, and chambers from across India and the US to connect, make this portal part of your business and help turn it into a powerful engine for India-US trade," Goyal said in a video message at the launch.
https://timesofindia.indiatimes.com/business/india-business/india-us-trade-push-goyal-urges-firms-to-use-facilitation-portal-bilateral-trade-target-at-500-billion/articleshow/130121660.cms

India–New Zealand FTA likely to be signed on April 24, may bring $20 billion investment boost over 15 years
India and New Zealand are expected to sign a Free Trade Agreement (FTA) on April 24 in Delhi, a move aimed at boosting trade and investment between the two countries. According to an official cited by PTI, the agreement could provide tariff-free access for Indian goods in the New Zealand market and attract up to $20 billion in investment over the next 15 years.

Sectoral Updates

Govt eases conditions for rice exports to some European countries
India has allowed exports of basmati and non-basmati rice to some European countries without an otherwise mandatory certificate of inspection by its export inspection agency for six months, a government notification said on Friday. The requirement of a certificate is limited to EU member states, the United Kingdom, Iceland, Liechtenstein, Norway and Switzerland, the notification said, adding that all other European countries are exempt from this requirement for a period of six months.

Operators not passing on port relief to exporters, says regulator
A month after the government asked ports to provide relief to exporters on logistics-related costs, India’s maritime regulator has found that concessions granted since the West Asia crisis have not uniformly reached exporters and asked operators to clearly pass concessional benefits through. “It has been observed that concessions granted by Port Authorities, particularly relating to detention charges, ground rent, reefer plug-in (connected load), and similar terminal charges, are not being uniformly passed on to the exporters,” the Directorate General of Shipping (DG Shipping) said in a circular dated Wednesday.
https://www.business-standard.com/economy/news/operators-not-passing-on-west-asia-port-relief-to-exporters-regulator-126040901218_1.html

Sugar industry seeks cap on exports to divert supply for ethanol
With sugar exports from India finding it difficult to get buyers due to low parity in international markets, a section of the industry has started lobbying with the government to cap exports at around a million tonnes to divert the balance for producing ethanol needed for blending beyond the existing 20 per cent, a senior industry official said.

https://www.business-standard.com/industry/agriculture/sugar-industry-seeks-cap-on-exports-to-divert-supply-for-ethanol-126040601012_1.html

Government rules out sugar export curbs and maintains duties on edible oils

India, the world's second-largest sugar producer, has no plans to curb sugar exports, Food Secretary Sanjeev Chopra said on Tuesday, as a fall in domestic consumption partly offsets lower-than-expected output. The South Asian country has allowed exports of 1.59 million metric tons on the assumption production would exceed local demand. However, output is projected to fall below consumption for a second consecutive year due to weaker cane yields in the biggest producing states.
https://economictimes.indiatimes.com/news/economy/foreign-trade/government-rules-out-sugar-export-curbs-and-maintains-duties-on-edible-oils/articleshow/130090427.cms

Indian Pharma sector clocks $29 billion exports by end of February in FY26

India's pharmaceutical exports stood at over $28 billion up to February of the current financial year, registering a growth of more than 5 per cent compared to the same period last year, a top official said on Saturday. K Raja Bhanu, Director General of the Pharmaceuticals Export Promotion Council of India (Pharmexcil), said the sector, currently valued at around $ 60 billion, is projected to grow to $ 130 billion by 2030.
https://www.business-standard.com/industry/news/indian-pharma-sector-clocks-29-billion-exports-by-end-of-february-in-fy26-126040400223_1.html

Textile exporters urge govt to waive cotton import duty

Textile and garment exporters have urged the government to remove the 11% import duty on cotton, as a recent surge in domestic prices has eroded margins and hurt their competitiveness in overseas markets. Local cotton prices have risen 7-8% over the past month, driven by a sharp increase in demand as costlier crude oil pushed up prices of synthetic fibres, prompting mills to shift back to natural inputs.
https://economictimes.indiatimes.com/news/economy/foreign-trade/textile-exporters-urge-govt-to-waive-cotton-import-duty/articleshow/130008620.cms

Surging raw material costs hit PVC, packaging industries hard

A sharp surge in crude oil prices triggered by the ongoing West Asia conflict has sent shockwaves through the PVC industry, driving raw material costs up by 60 per cent and causing acute shortages, forcing manufacturers to curb production and pass on price increases to consumers.
https://www.thehindubusinessline.com/economy/surging-raw-material-costs-hit-pvc-and-packaging-industries-hard/article70843357.ece

Gold imports rise nearly 29% to $69 billion in April-February FY26

The country's gold imports rose 28.73 per cent to $69 billion during April-February 2025-26 on account of high prices of the precious metal, according to the Commerce Ministry data. Gold imports stood at $53.52 billion in April-February 2024-25. The rise in gold imports pushed the country's trade deficit (difference between imports and exports) to $310.60 billion during the 11-months of the last fiscal as compared to $261.80 billion during April-February 2024-25, the data showed.
https://www.business-standard.com/markets/commodities/gold-imports-rise-nearly-29-to-69-billion-in-april-february-fy26-126040500578_1.html

Comm Secy asks pharma sector to reduce dependence on imported raw materials

Commerce Secretary Rajesh Agrawal on Saturday asked the pharmaceutical industry to reduce its dependence on critical imported raw materials and diversify export supply chains to better navigate global uncertainties. Addressing an event in Hyderabad on the sector, he said while India exports to around 200 countries, there remains significant scope for expansion and resilience-building through a stronger market presence.
https://www.business-standard.com/industry/news/comm-secy-asks-pharma-sector-to-reduce-dependence-on-imported-raw-materials-126040400598_1.html

India extends duty-free yellow peas import window until March 2027

India has extended the period for duty-free imports of yellow peas until March 31, 2027, the commerce ministry said in a notification on Saturday. All other terms and conditions governing such imports would remain unchanged, the government said. The government had earlier allowed duty-free imports of yellow peas until

March 31, 2026. India, the world's biggest importer of the commodity, sources supplies mainly from Canada and Russia.
https://www.business-standard.com/economy/news/india-extends-duty-free-yellow-peas-import-window-until-march-2027-126040400573_1.html

LPG imports in April, May a concern owing to shipping woes, availability
India is in a position to recoup much of the loss — caused by the war in West Asia — in importing liquefied petroleum gas (LPG), easing the pains of businesses, according to forecasters, industry representatives, and government officials. But the loading data, a barometer of receipts, signals reduced flows in April, and even lower in May, over those in February because of issues in shipping and fuel availability, senior officials said and the shipping data showed.
https://www.business-standard.com/industry/news/lpg-imports-in-april-may-a-concern-owing-to-shipping-woes-availability-126040801506_1.html

State Updates

West Asia war hits henna exports from Rajasthan's Sojat, cargo stuck
The ongoing conflict involving the United States, Israel, and Iran has begun to impact Rajasthan's globally renowned mehendi (Henna) industry in Sojat, with exports hit, production slowing, and crores worth of consignments stuck at ports. Located in the Pali district, Sojat subdivision is uniquely known for its large-scale mehendi production, attributed to its distinct soil and climatic conditions.
https://www.business-standard.com/industry/news/west-asia-war-hits-henna-exports-from-rajasthan-s-sojat-cargo-stuck-126040600092_1.html

West Asia conflict disrupts snack exports from Bikaner, shipments disrupted
The ongoing conflict in West Asia has started to impact exporters in the Bikaner region, with shipments of popular food items, such as bhujia, papad and spices to Gulf and European countries facing severe disruptions, traders said. Bikaner, known for its namkeen industry, exports large quantities of snacks, spices and other products to countries in the Gulf region and Europe. However, exporters said, the war has led to delays, rising freight costs and container shortages, affecting exports and imports.
https://www.business-standard.com/industry/news/west-asia-conflict-disrupts-snack-exports-from-bikaner-shipments-disrupted-126040400193_1.html

Tiruppur garment orders drop 15% as US, Europe demand weakens amid Iran War
Orders from the US and Europe for Tiruppur's apparel manufacturers fell 15% in March compared with a year earlier, as buyers in those markets could not clear their existing inventory due to weak demand amid inflation worries, industry executives said. Demand from West Asia, meanwhile, stopped after the start of the Iran war, they said. The war has disrupted a key maritime corridor and drove up oil prices, as well as freight rates and insurance premiums, fanning inflation across the world.
https://economictimes.indiatimes.com/news/economy/foreign-trade/tiruppur-garment-orders-drop-15-as-us-europe-demand-weakens-amid-iran-war/articleshow/130123650.cms

UP govt to link industrial clusters with logistics networks, export hubs
To attain its flagship $1 trillion economy target by 2030, the Uttar Pradesh government is linking industrial clusters with high-speed logistics networks and export hubs. The move aims to reduce logistics costs and improve the export competitiveness of the state’s producers and manufacturers. The synchronisation of industrial clusters with logistics and export hubs is expected to facilitate faster movement of industrial and agricultural goods from Uttar Pradesh to key domestic and global markets.

Brazil weighs fast-tracking biodiesel tests as diesel prices spike
Brazil's government is looking at ways to accelerate testing of higher biodiesel blends in diesel, aiming to reach a conclusion this year, the head of a soy crushers association said on Wednesday, amid a spike in fuel prices due to the Iran war. The measure could boost soybean demand in the world's largest producer of the oilseed, most of which is shipped to China for animal feed. Brazil's biofuels industry has seized on the disruptions to oil and gas supplies in the Middle East as a chance to push for higher mandated blends of soy-based diesel and ethanol in gasoline.

Russia offers sanctioned LNG to energy-hungry Asia at 40% discount
Russia is seeking to leverage a global natural gas supply crunch to lure energy-starved South Asia into purchasing shipments from its US-sanctioned facilities, according to people familiar with the matter. The shipments were being offered at a 40% discount to spot prices last week via little-known intermediary companies based in China and Russia, said the people, who asked not to be named as they aren't authorized to speak with the media.
https://www.moneycontrol.com/world/russia-offers-sanctioned-lng-to-energy-hungry-asia-at-40-discount-article-13884315.html?shem=dsdf,sharefoc,agadiscoversdl,,sh/x/discover/m1/4

Global PMI shows European manufacturing taking heavy toll from Middle East war
The headline global manufacturing Purchasing Managers' Index (PMI), sponsored by J.P. Morgan and compiled by S&P Global Market Intelligence, fell from 51.8 in February to 51.3 in March. The deterioration of the PMI was fuelled by factory output trends worsening in 19 of the 33 economies covered by the S&P Global manufacturing surveys, with outright falls in production recorded in 12 economies.

Saudi Arabia and Russia to anchor OPEC+ production boost, reaffirm stability
Russia and Saudi Arabia will provide more than 60 per cent of the total production increments scheduled for May 2026, leading a collective move by eight OPEC+ nations to adjust voluntary output levels. According to an Organization of the Petroleum Exporting Countries press release, the participating countries decided to implement a total production adjustment of 206 thousand barrels per day (kbd). The decision followed a virtual meeting of Saudi Arabia, Russia, Iraq, UAE, Kuwait, Kazakhstan, Algeria, and Oman, held on April 5 to review global market conditions.

Trump tariffs hit patented drugs: Jefferies, Nomura explain impact on pharma stocks
The US has imposed tariffs of up to 100% on patented pharmaceuticals, with significant carve-outs for generics, biosimilars, and major manufacturing hubs, leaving India's speciality drugmakers exposed while generic players remain unscathed. US President Donald Trump's April 2 proclamation targets patented drugs following a Section 232 national security investigation, citing that 53% of patented pharmaceuticals and 85% of active pharmaceutical ingredients are manufactured offshore.

West Asia crisis may hit India exports if conflict persists: Rajesh Agrawal
If the West Asia conflict continues, India's exports to other parts of the world will also be impacted, Central Commerce Secretary Rajesh Agrawal said on Saturday. Indian exports during the last financial year were expected to remain on a positive trajectory despite the crisis, he added. Addressing a press conference on the

sidelines of 'Chintan Shivir - Scaling Up Pharma Exports', Agrawal said that because of the West Asia crisis, there was definitely an impact last month on both imports and exports, as energy is a major part of the Indian import market.
https://www.business-standard.com/india-news/west-asia-crisis-may-hit-india-exports-if-conflict-persists-rajesh-agrawal-126040400534_1.html

Reliance on Hormuz for imports above global average: Oil secy Neeraj Mittal
India's dependence on imports for crude oil, natural gas and liquefied petroleum gas (LPG) through the Strait of Hormuz remains higher than the global average, underscoring the need for better preparedness in building resilient energy infrastructure, Neeraj Mittal, secretary at the Ministry of Petroleum and Natural Gas (MoPNG), said on Thursday.
https://www.business-standard.com/economy/news/india-s-hormuz-dependence-higher-than-global-average-oil-secretary-126040901262_1.html

CDSCO moves to fast-track foreign drug import approvals, cut delays
India's central drug regulator is seeking to speed up approvals for imported medicines by accelerating the disposal of Form 40 applications, which pharmaceutical (pharma) companies use to obtain registration certificates for foreign manufacturing facilities and drugs before importing them into India. Form 40 is a crucial regulatory document in India, under the Drugs & Cosmetics Rules 1945, used for submitting an application for the registration of a manufacturing site and drugs intended to be imported into India.

No plans to impose curbs on sugar exports: Food Secretary Sanjeev Chopra
India, the world's second biggest sugar producer, has no plans to impose curbs on sugar exports, food secretary Sanjeev Chopra said on Tuesday. Consumption of sugar and edible oils in India, the world's largest market, is declining as a shortage of commercial gas cylinders has forced restaurants to scale back operations during the summer holiday season.
https://www.business-standard.com/economy/news/govt-rules-out-curbs-on-sugar-exports-says-food-secretary-sanjeev-chopra-126040700845_1.html

SEZs seek duty relief for three years, higher domestic sales limit
Special economic zone (SEZ) developers and units have urged the government to allow them to sell goods in the domestic market at lower customs duty for three years instead of one year, and sought a higher cap of 50% on domestic sales against 30%. Last week, the government announced a one-time relief measure for SEZ units, allowing them to sell goods in domestic markets at a lower customs duty for one year due to the West Asia conflict. It capped the domestic sales at 30% of their highest export value in the past three years.

India eyes 20 more countries for open market access in next big trade bet
India is in talks with at least 20 more countries to expand market access and trade opportunities, Union Commerce and Industry Minister Piyush Goyal said on Friday, outlining the next phase of the country's global trade outreach. Speaking to business leaders in Coimbatore, Goyal said the proposed engagements build on nine free trade agreements signed over the past three-and-a-half years, which have already provided preferential access to 38 developed nations.
https://economictimes.indiatimes.com/news/economy/foreign-trade/india-eyes-20-more-countries-for-open-market-access-in-next-big-trade-bet/articleshow/130161479.cms

Exporters' body FIEO sees 2-3 pc fall in goods exports during 2025-26
The country's merchandise exports are expected to register a fall of 2-3 per cent in 2025-26 due to global economic uncertainties, aggravated by the West Asia crisis, according to FIEO. Federation of Indian Export Organisations (FIEO) President S C Ralhan said that the crisis may have led to a decline in shipments by 7-8 per cent in March. The joint attack launched by the US and Israel on Iran on February 28 severely disrupted the country's exports to West Asia, pushed up shipping freight, air transport prices and insurance costs.
https://economictimes.indiatimes.com/news/economy/foreign-trade/exporters-body-fieo-sees-2-3-pc-fall-in-goods-exports-during-2025-26/articleshow/130140930.cms

India caps refinery margins after windfall export tax to curb losses
After imposing a windfall tax on fuel exports, India has moved to cap refinery margins in a bid to offset losses on domestic fuel sales, sources said. The war in West Asia has had two prolonged impacts - spike in international oil prices that has led to record losses on petrol and diesel sales as retail rates have not changed in tandem. Secondly, it has given bumper margins to refineries, who irrespective of retail price freeze, price their products at imported cost.
