

A graphic element above the main title consists of white silhouettes of a truck, an airplane, a ship, and a lighthouse, all arranged along a curved path that suggests a network or infrastructure.

India Infrastructure
Summit 2013 | 23 September 2013 - New Delhi

India Infrastructure Summit 2013

23 September 2013 - New Delhi

India Infrastructure Summit is the largest platform for policy debate relating to infrastructure sector in India. It brings together Central and State Government officials, policymakers, regulators, leading infrastructure developers, contractors, investors & financial institutions and other stakeholders in a dialogue designed to address key challenges and issues facing infrastructure sector.

With enriched deliberations from business leaders and market experts, the Summit delivers the highest quality content, addresses the most current topics, and debates the most challenging issues in infrastructure in the current scenario.

The fifth edition of the India Infrastructure Summit is scheduled to be held on 23 September 2013 at Federation House, Tansen Marg, New Delhi.
