

Four Day Capacity Building Workshops *for* **Practicing Energy Auditors** *Jan - Feb 2014, (Non Residential)*

BACKGROUND

To keep pace with the developments, the practicing energy auditors, need to gear up with additional knowledge on latest advancements in energy efficient technologies, best practices, success stories, etc to provide value added services to industries as well as government organization like BEE, SDA's, PSU's, DC's etc. Updation of knowledge and awareness about the latest advancements and practical experience is very much required for Energy Auditors to command respect and confidence, otherwise the credibility of EA's will be at stake. Incompetent Energy Auditors will have a difficult time in facing Industry Management.

Federation of Indian Chambers of Commerce and Industry (FICCI) in association with Shakti Sustainable Energy Foundation is organizing Four Day "Capacity Building workshops for Energy Auditors". The workshops are also supported by Bureau of Energy Efficiency, & State Designated Agencies. The 1st set of 3 workshops have been successfully organized at Delhi, Chennai and Mumbai where in more than 120 Energy Auditors/Professionals participated in the workshops.

WORKSHOP HIGHLIGHTS

- Brushing up/ revising the basic knowledge acquired by energy auditors through BEE certification.
- Performance evaluation of Thermal Utilities (boilers, furnace, Dryer, insulation, etc) and case studies
- Performance evaluation of Electrical Utilities (motors, compressors, pumps, etc) and case studies
- Update on advancements in energy efficient utility technologies
- Exposure to International case studies and best practices of energy auditing
- Normalisation and M&V issues under PAT scheme
- Various ESCO/ financial institution schemes
- Exposure to various successful energy audit case studies in various sectors
- Group exercise on energy audit situation analysis
