

Smart City
MISSION TRANSFORM-NATION

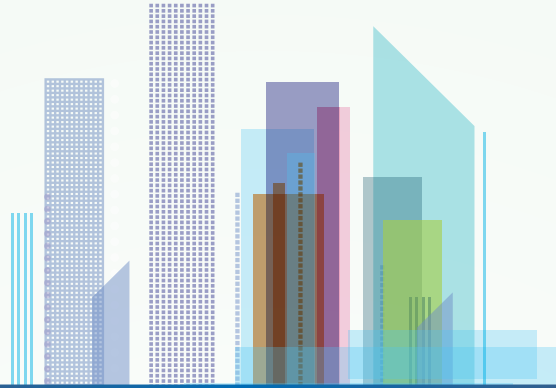

SMART CITIES SUMMIT 2015

100 Smart Cities: Mission Transform Nation

October 8-9 2015
FICCI Federation House New Delhi

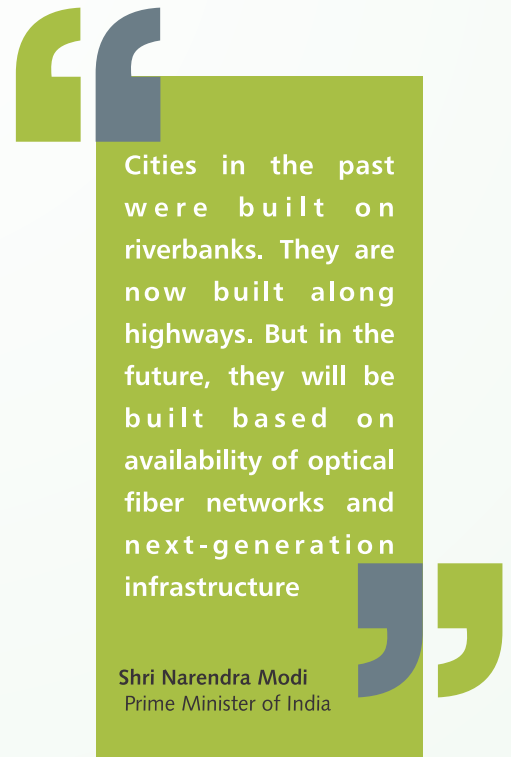

Colossal business opportunities have been unleashed for the Corporate World as the Prime Minister Shri Narendra Modi formally unveiled the missions, viz., "100 Smart Cities", "AMRUT" and "Housing for All", in an attempt to transform the urban infrastructure burdened with ever-growing population. Its time India surge! For a Better Future – A Smarter Future!

The urban world has its own complex sets of environmental, economic and social issues that need to be addressed to accomplish the smart city initiative of Government of India. The summit would integrate the key policy makers with the industry experts to debate on the issues critical to develop sustainable, vibrant, innovative and equitable communities under the smart city initiative. Alongside, the summit aims at providing a platform to the Indian as well as foreign private sector players to explore possible business opportunities, find solutions and create roadmaps for smarter future. Inspired to support and serve the interest of businesses generated by the smart city initiative, FICCI brings you the much needed summit that would focus on issues of infrastructure deficit in urban areas and technological urban innovations while enhancing the business and investment climate.

HIGHLIGHTS

- Insight of the "100 Smart Cities" vision of Government of India
- Understanding potential roadmap to facilitate the smart city mission through foreign and domestic collaborations
- Understanding greenfield projects alongside the brownfield projects
- Financing and funding avenues for smart cities
- Identify implementable action plans for improvement in key infrastructure areas
- Inclusion of smart city practices and use of tailored technology products and services
- Frugal innovation of foreign technologies and smart solutions
- Meet highly acclaimed and revered dignitaries along with the country leadership
- A highly conspicuous platform to enhance your networking with Indian as well as foreign private players
- Explore joint ventures, partnerships and other business opportunities

Cities in the past were built on riverbanks. They are now built along highways. But in the future, they will be built based on availability of optical fiber networks and next-generation infrastructure

Shri Narendra Modi
Prime Minister of India

Established in 1927, FICCI is the largest and oldest apex business organisation in India. Its history is closely interwoven with India's struggle for independence, its industrialization, and its emergence as one of the most rapidly growing global economies.

A non-government, not-for-profit organisation, FICCI is the voice of India's business and industry. From influencing policy to encouraging debate, engaging with policy makers and civil society, FICCI articulates the views and concerns of industry. It serves its members from the Indian private and public corporate sectors and multinational companies, drawing its strength from diverse regional chambers of commerce and industry across states, reaching out to over 2,50,000 companies.

FICCI provides a platform for networking and consensus building within and across sectors and is the first port of call for Indian industry, policy makers and the international business community.
