

# Conference on Sustainable Manufacturing Growth Through Quality Systems

Theme: Zero Defect for Manufacturing Competitiveness

## & 4<sup>th</sup> FICCI Quality Systems Excellence Awards for Manufacturing

23<sup>rd</sup> September 2015, New Delhi

India aims to be the manufacturing hub for the world. Opportunity presented with China vacating the space in manufacturing, demands world class standards to achieve "zero defect, zero effect" and also robust quality systems by Indian manufacturers. A robust quality management system in a manufacturing organization is essential to sustain manufacturing growth in today's challenging economic environment.

In this context, FICCI presents a forum where experts from the area of quality systems would share their best practices and innovative solutions that have ensured excellent customer services and improved overall performance with an objective to achieve "Zero Defect".

Inaugural Address by

**Dr V.K. Saraswat**  
Member, NITI Aayog

Special Address by

**Mr. Adil Zainulbhai**  
Chairman, QCI

### About the Conference & Award

FICCI's Quality Systems Excellence Awards for Manufacturing that would complete its 4th edition this year focuses on creating awareness about good 'Quality Systems' in organisations and encouraging manufacturers to adopt such systems. With its stringent and independent evaluation process the awards have established credibility in the industry and have grown over the years.

This year 102 applications were received, an increase of over 10% from last year. Applications have been received from sectors like Automotive, Electronic & Electrical, Engineering, Chemical, Tyre, Paper, Steel, Food, Cement, Textile etc. The awards would be presented on 23rd September 2015 in FICCI, Federation House, Tansen Marg, New Delhi- 110001.

The award ceremony will be a part of one day conference. Conference will witness the following sessions:

- Inaugural Session
- Best and Innovative Practices
- Panel Discussion: Role of Leadership in Quality Management
- Panel Discussion: Competency Development
- Panel Discussion: Developing Accreditation and Traceability Systems for Quality
