

Workshop on Women Safety at Workplace

November 27, 2015, FICCI New Delhi

With the increase in number of women workforce joining corporates, the need to ensure safe and secure environment at workplace becomes imperative for the organizations. While the Act is in place to prevent Sexual Harassment of women at workplace, many organisations have no or little awareness about the regulations. This workshop aims to create the awareness amongst the employer / HR professional / ICC who are responsible for the implementation of the Act. Attending this workshop would enable the participants to understand the Act, know their responsibilities while dealing with such sensitive cases.

Key Highlights

- Outlining Global & Indian Scenarios
- Defining Harassment
- History of Sexual Harassment Laws in India
- Role and Responsibility of Employer
- Role of the Internal Complaints Committee (ICC)
- Dealing with Complaints
