NITI Aayog

GOVERNMENT OF INDIA

presents

GLOBAL ENTREPRENEURSHIP SUMMIT
INDIA 2017

ROAD TO GES

Celebrating and Empowering
Women in Entrepreneurship

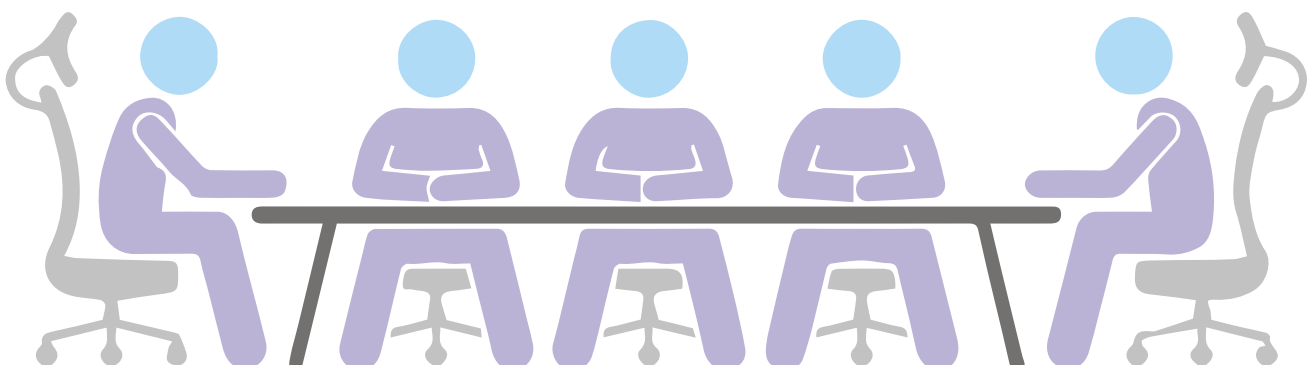

About Global Entrepreneurship Summit 2017

Since 2010, travelling from Washington D.C. to Istanbul, Dubai, Marrakech, Nairobi, Kuala Lumpur, Silicon Valley; the 8th Annual Global Entrepreneurship Summit (GES) finally lands at Hyderabad, India this year November 28-30, 2017, and is being hosted by NITI Aayog in partnership with the Government of the United States of America (USA).

The summit will be addressed by the Hon'ble Prime Minister of India, Shri Narendra Modi with the US delegation being led by Ms. Ivanka Trump, Advisor to President Trump. In line with the Hon'ble Prime Minister's vision and mission for India's startup, technology and innovation ecosystem; the GES 2017 is poised to highlight India's enabling environment for entrepreneurship including the proactive actions by the Government of India.

Over 1500 attendees from diverse backgrounds are expected to be in attendance; representing the best and the brightest in the innovation and entrepreneurship ecosystem from across India and the world including but not limited to entrepreneurs, investors, educators, government officials and business representatives.

With the theme of "Women First, Prosperity for All", GES 2017 will enable and empower innovators & entrepreneurs, especially women, to take their ideas to the next level and realize the potential for economic growth and prosperity for all. Through networking, mentoring and workshops, the summit will act as an ideal platform to inspire and forge innovative initiatives across nations and organizations to transform societies for a better tomorrow.

Road to GES 2017

In the run up to the Global Entrepreneurship Summit (GES) 2017, FICCI has partnered with NITI Aayog to host 6 interactive entrepreneurship focused events as part of the "Road to GES" series.

These events will aim to leverage the experience and extensive network of FICCI's Center for Innovation, Science and Technology Commercialization (C-Tech) to bring together industry leaders, start-ups, serial entrepreneurs, venture capitalists, angel investors as well as enablers of the innovation ecosystem viz. government international agencies and industry associations not only from India but across the globe. The stakeholders would deliberate on several aspects related to the start-ups game such as finance, investment, mentoring and human capital.
