

# Conference on Sustainable Industry Growth through Quality Systems

Theme: "Achieving Excellence by Building Robust Supply Chain"

## 6<sup>th</sup> FICCI QUALITY SYSTEMS EXCELLENCE AWARDS FOR INDUSTRY

24<sup>th</sup> April 2018, Federation House, New Delhi

*Inaugural Address by*  
**Shri Suresh Prabhu**  
Hon'ble Minister of  
Commerce and Industry

### Introduction

As India moves on the path of becoming a manufacturing hub for the world, Indian manufacturing will require robust supply chain as it directly impacts product quality and overall profitability of the company. Effective supply chains give businesses a competitive advantage in the marketplace and help mitigate risks associated with acquiring raw materials and delivering products or services. Maintaining quality of production in supply chain leads to customer satisfaction and retention. By implementing supply chain management systems, businesses are able to reduce waste, overhead costs and shipping delays in a scientific way. This also aligns with the Government's motto of "zero defect, zero effect".

With this objective, FICCI presents a forum where experts from the field of quality across varied sectors like Automotive, Cement, Chemicals & Pharma, Construction, Electronics & Electricals, Engineering, FMCG, Food, Mining, Paper, Power, Steel & Metal, Textiles, Tyre etc, would share their best practices and innovative solutions for improving supply chain.

FICCI would be conducting its 6th edition of FICCI Quality Systems Excellence Awards for Industry on 24th April 2018 in Federation House, New Delhi.

Mr. Adil Zainulbhai, Chairman - Quality Council of India presenting FICCI Quality System Awards in 2016
