3RD EDITION Digital Rajasthan Conclave

Transforming Lives through Technology

29th August 2018: Holiday Inn, Jaipur

Digital India is a programme to transform India into digital empowered society and knowledge economy.

Rajasthan under the initiative has proven to be a trendsetter in e-Governance initiatives, ensuring maximum ease to residents when it comes to connecting with the government, as well as getting benefits at their doorstep while aligning them with the principles of Digital India. The state has made some exemplary & significant strides in improving residents' quality of life through Direct Benefit Transfer Scheme, Bhamashah Yojana the biggest in the country; 51,000 Common Services Centres offering more than 400 Govt and Non-Govt services; online grievance redressal system; Aadhaar-based biometric verified digitally advanced public distribution system; Abhay and Control Command Centres; Connectivity till Gram Panchayat level; GIS Platform for all department and offices; e-Mandi; Rajasthan Payment Platform, etc are such initiatives to count.

Digitalization has changed our lives like never before. The emerging trends and technologies are redefining the way we work and live. This has created opportunities for investment, employment & entrepreneurship and at the same time creating challenges related to privacy, security, etc.

Against this backdrop, **Federation of Indian Chambers of Commerce and Industry (FICCI), along with Software Technology Parks of India (STPI), Ministry of Electronics and Information Technology (MeitY), Government of India**, is organising the **3rd edition of Digital Rajasthan Conclave** on **29th August 2018** at Holiday Inn, Sardar Patel Marg, Near Nehru Sahkar Bhawan, C-Scheme, Jaipur. In conjunction with 3rd Digital Rajasthan Conclave, a **STARTUP CONCLAVE** is also being organized by **Startup Oasis**. The programme aims to leverage the presence of robust IT industry, skilled manpower and enabling policies to drive investments, create employment, promote entrepreneurship and improve efficacy of service delivery.

WHAT'S THERE: THE AGENDA

One day Conference for Deliberations, Networking and Addressing Latest Trends of Digital, IT & ITeS ecosystem: e-Governance, ICT / Electronic Manufacturing, Digital Literacy (Skilling), Internet of Things (IoT), Artificial Intelligence and Machine Learning, Cloud Computing, Big Data, Data Mining, Emerging Cyber Threats & Data Privacy, Blockchain, Technology Developments, Data Theft & Data Manipulation, Cyber Risk Insurance, Digital Payments, Start-Up panel discussion, etc.

Startup Conclave: Will provide exposure towards digital technologies used by the upcoming startups in solving the real time problems. The platform will help students to explore entrepreneurship as a career and help them understand the various steps involved in executing an idea and creating a business around it. The conclave also looks forwards to create a synergy between the stakeholders of established business organizations, industry experts and startup world.

- The Pitch Town will provide the opportunity to startups selected through a transparent application and selection system will be given chance to pitch before a mix of local angel investors, investors from active investment firms and other stakeholders (Coordinated by Startup Oasis)
- Start-Up Expo to give chance to Startups to showcase their services and products to the visitors, mentors and investors that come to the event (Coordinated by Startup Oasis)

- Panel Discussion on latest funding scenario among successful startup founders and investors discussing funding development and scaling up strategies for early stage startups and aspiring entrepreneurs / students (Coordinated by Startup Oasis)

RETROSPECT

The two editions of the Digital Rajasthan Conclave were jointly organised by FICCI and STPI during 2016 and 2017 at Jaipur. The programmes were supported by Start-up Oasis and Price water house Coopers (PwC) & Ernst and Young LLP were the Knowledge Partners for these editions. Hon'ble Minister for Industry, Government of Rajasthan was the Chief Guest for the programmes.

The conclave during it's both editions witnessed participation of some very prominent speakers from Microsoft, NIIT Ltd, Infosys, CISCO, Wipro Ltd, Oracle India, Symantec Corporation, Google, Ernst & Young LLP, Start-up Oasis, RazorPay, Mahindra World City (Jaipur) Ltd, PwC, Girnar Soft, Data Infosys Ltd, RVCF, etc.; some recognised Startups and more than 300 delegates from across the country.

“Digitalization is not only changing life at a rapid pace but will also bring about prosperity and happiness in times to come. Owing to IT and digitalization life is not only changing fast but is also ensuring quality employment, good governance and financial inclusion”.

Shri Rajpal Singh Shekhawat
Hon'ble Minister for Industry
Government of Rajasthan

“If you look at the journey of the IT industry of India, it has moved up the value chain. Once upon a time, it was based upon the cost arbitrage. Today, India is the house for almost all the R&D that happens in the IT sector and in product development, and that's how India has transcended to become a product nation”.

Dr Omkar Rai
