

2nd Edition of Infrastructure Financing Conclave

18th September 2019

FICCI, Federation House, New Delhi

About the Conclave

This conclave aims at discussing the key issues being faced by the infrastructure sector (Roads & Highways, Civil Aviation, Railways, Ports & Shipping) in terms of financing, existing regulations and taxes affecting the growth of the sector. The conclave will deliberate on important aspects of smart and innovative financing through, alternative source of finance like InvITs, IDFs, sovereign funds, pension funds etc. The conclave will also serve as a platform to discuss the various initiatives required to strengthen the position of financial institutions in the country. The conclave will bring together members of industry, banks, policy makers, NBFCs, financial institutions, infra developers, EPC contractors and international organizations to address key challenges and opportunities in financing of Infrastructure sector.

Key Topics of Discussion

Government initiatives to address bankability of infrastructure projects

Enhancing existing Infrastructure Models using Debt and Equity mode of Finance

Discussing the potential for the revision of Direct-Indirect Taxes for Infrastructure Sector

Dispute Resolution mechanism for Infrastructure Projects – understanding different mechanisms
