

# CONFERENCE ON **FUTURE FUELS** FOR TRANSPORTATION

29th January 2020 | Federation House, New Delhi

Inaugural Address by  
**Shri Nitin Gadkari**

Hon'ble Minister of Road Transport and Highways  
and Micro, Small and Medium Enterprises, Government of India

## About the Conference

The conference aims to provide the platform to analyse the urgent need of moving towards clean mobility powered by clean energy. The conference shall also focus on building requisite infrastructure, technological innovation for clean fuel and provide knowledge building through sharing of best practices & case studies. The conference will unite the members of the industry, policy makers and international organization to address the implementation of clean fuels for transportation in India.

## Key Topics of Discussion

- Comprehensive and integrated approach towards green mobility
- Accelerating CNG infrastructure development
- Expediting the development of bunkering infrastructure for LNG
- Adequate and dedicated charging infrastructure to accelerate electric mobility
- Scaling out expansion of biofuel-powered public transport
- Roadmap for transition to clean fuels by 2030
- Opportunities and Market for NGVs (CNG, Bio-CNG, LNG)
- Biofuels: Infusing new energy in the 21st century
- Blending Opportunity for Ethanol/Methanol
- Future Bus Technology for Indian transportation network
- Sustainable solutions for first and last mile connectivity
- Public Private Partnership (PPP) for building smart, clean and connected transportation networks
- Focus on shared and connected mobility driven by green fuel
- Technological innovations to build roadmap for green transportation
- Building public transport on alternate fuels and electric vehicles
