# WEBINAR ON COVID 19 IMPLICATIONS: INCREASING FRAUD RISKS AND INTEGRITY LAPSES

2:30 – 4:00 pm, Thursday, May 7, 2020

The COVID-19 pandemic has resulted in a significant impact on organizations and economies worldwide. In particular, there is considerable increase in integrity lapses and risk of fraud – heightened by the growing number of employees working from home as a result of the pandemic. In this scenario, it is highly likely that fraudsters are adapting their approach to benefit from the ongoing crisis. It is thus imperative for organizations to strengthen internal controls and enhance monitoring to detect and deter fraud and non-compliance while maintaining business continuity and planning an ethical future.

## Webinar Highlights:

- Rise in fraud and unethical practices during crises scenarios such as COVID-19
- Due diligence measures that organizations can take to safeguard data and resources
- Watching out for red flags
- Technology as an enabler in risk mitigation
- Long term compliance plans and monitoring
