

India: Turning Crisis into Opportunity for Singapore **Investors: Emerging Stronger Post- Covid-19**

About this webinar

Singapore has alternated between the 1st and 2nd spot for being the top source of foreign direct investment (FDI) into India for the last 4 years running, and in 2019 -20 this was S\$16.6 billion. If you would like to understand the dynamics of India-Singapore relations, and how their response to COVID 19 and announcement of economic packages has set the ground for further collaboration in the 'New normal'.

FICCI in partnership with SBF (Singapore Business Federation) and SICCI (Singapore Indian Chambers of Commerce & Industry) is pleased to present an opportunity for you to hear from Indian and Singapore business executives on the ground and get your questions answered during the panel discussion.
