

GLOBIZ

CONNECTING BUSINESS WORLDWIDE

GLOBAL VIRTUAL HEALTHCARE EXPO

26 - 28 October, 2020

With COVID-19 disrupting normal life, we all are switching to the new normal. Federation of Indian Chambers of Commerce and Industry is all set to start the Global Virtual Healthcare Expo 2020 to connect Indian business houses and manufacturers in the region and ensure an impetus in exports and keep the business running.

Virtual Expo gives a completely immersive experience where the Exhibitor, Delegate or Visitor come on a virtual platform sitting in their home through their handheld devices and showcase their products, do one on one meetings, have pre-fixed B2B meetings and can participate in real-time conferences or product launches or media interactions. It gives a one-stop solution from the comfort of your home to connect with your desired buyers, traders, distributors and decision-makers.

Quality of health services across the globe varies significantly, creating a broad scope of investment and engagement opportunities.
