

Pilot Placement Linked Modular Furniture Fitting Training Programme

December 14, 2020

FICCI in collaboration with Govt of West Bengal initiated Pilot Placement Linked Modular Furniture Fitting Training Programme for the interested students of ITI in the State. The short term training programme was organized at Government ITI Howrah Homes in December 2020 and training was conducted by Hettich Podder Wood Working Institute (HPWWI) an institute of repute and recognized by FFSC & NSDC

Demand for good skilled manpower is increasing with the growth of the home improvement industry due to COVID. The furniture market in India is continuously adapting and customizing its products according to the changing taste of the consumers. Traditional carpentry skills need to be upskilled as the trend is moving towards modular furniture which needs to be assembled at homes. The pilot programme focused on Modular training in Furniture.
