India
maize
summit 2021

FICCI invites you for the

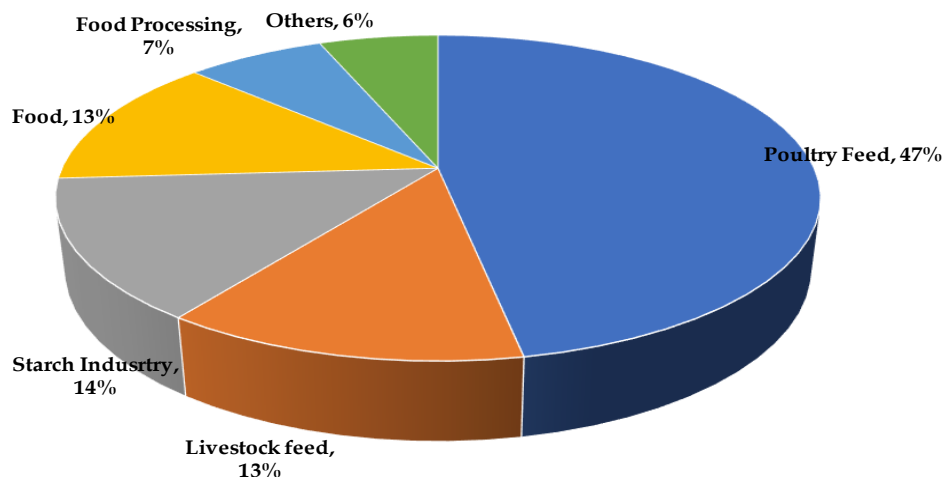

7th India Maize Summit 2021

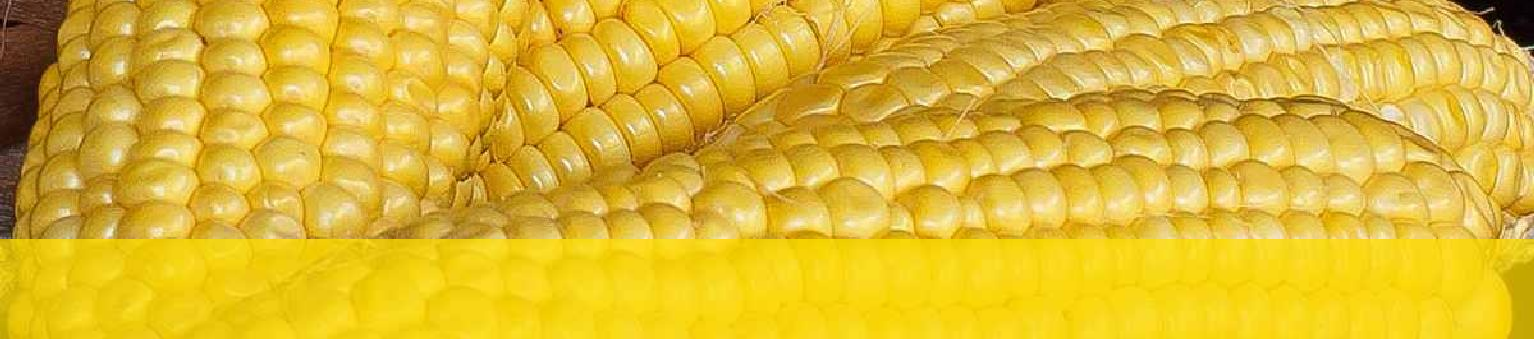

Virtual Programme | 15 - 16 April 2021

Message from the Organizers

The India Maize Summit is the first of its kind initiative for the maize industry in India to successfully connect all stakeholders and policy makers in the maize-value chain. FICCI has been organizing India Maize Summit since 2013. We are very proud to host the seventh edition of “India Maize Summit” on 15 – 16 April 2021. We are pleased to invite policy makers, agribusinesses, economists, scientists to participate in “India Maize Summit”, which we expect to be even better than its predecessors.

End use wise contribution to maize consumption in India (2018-19)

India Maize Summit aims at providing a common platform to all stakeholders to outline the opportunities in maize and deliberate on actions that are required at the policy and operational level to unleash the potential of maize.

Summit to deliberate upon

- (a) **Enhancing productivity:** to be in global race.
- (b) **Scientific advances in Research:** Crucial for climate smart Maize Value Chain
- (c) **Storage and Post-harvest management:** minimizing losses
- (d) **Value addition, assured markets and price risk minimization:** win – win game.
- (e) **Maize for starch and feed industry** - matching the market demand.

Highlights of Past Editions

The most sought after event in India on “Maize”
