## INTRODUCTION

FICCI is announcing its 9<sup>th</sup> Quality Systems Excellence Awards and conference on 22<sup>nd</sup> November 2022 in Federation House, New Delhi. The theme of the Conference is "SYSTEMS SHAPING QUALITY TRENDS". FICCI presents a unique Quality forum where experts from varied sectors like Manufacturing, Power, Mining, Construction & Infrastructure would share their best practices and innovative solutions for improving quality and quality systems.

Forward-thinking businesses are starting to implement new concepts into their quality management approaches to meet the

continuous improvement goals. From How they design and manufacture products to how they address problems and how they engage with their customers, employees, partners and their communities, systems are shaping new trends. Today, the business environment requires **Stringent Quality Standards Across Value Chain**. Current Trends include broader adoption of quality management principles across industries and an increasing importance placed on sustainability, adoption of digital technologies, pandemic-related changes and adopting quality culture and Infrastructure.
