Business Delegation to UK: Transforming Foundation Industries (FI)

January 16-20, 2023 | Liverpool and Coventry, UK

Last Date of Registration: December 14, 2022

Focus Industries / Sectors

Businesses and research organisations in Foundation Industries (Glass, Paper, Cements, Ceramics, Metals and Chemicals) and those focusing on delivering sustainability solutions for the FI sectors to enable energy & resource efficiency through Digital Solutions, Sensors & Controls, Efficient Processes, New Supply chain models etc.

Benefits

1. Visit key UK Foundation Industry CoE and R&T Organisations.
2. Explore opportunities in FI to grow your business internationally.
3. Get the latest on the £10m bilateral funding application process.
4. Improve the development of projects by meeting potential UK innovation partners, through organised matchmaking, and get a head start on funding applications
