Future of Mobility: India's Journey towards Net Zero

Monday, 30th January 2023
FICCI Federation House, New Delhi

Draft Programme

1000 hrs – 1100 hrs	**Registration & Networking Tea/Coffee**
1100 hrs – 1200 hrs	**Inaugural Session**
1200hrs – 1300 hrs	**Panel Discussion 1: The Future of Mobility: Possibilities Unlocked by Shared and Connected Transportation** To address some of the biggest challenges including safety, mobility, and environment in the surface transportation industry, the shared and connected transportation technology aims and offers economic efficiency, seamless mobility service that will contribute to an overall sustainable society. Combining these services with the advancements in autonomous transportation design and IoT, there can be a momentous shift in public transportation. The session will discuss and deliberate on the following topics: • Leveraging Technology for Building Sustainable and Connected Urban Transport Systems • Encouraging PPP Collaborations for Developing Multi-Modal Transit Solutions • First and Last Mile - Key to Sustainable Urban Transport • Focus on Safe and Inclusive Mobility
1300 hrs– 1400 hrs	**Networking Lunch**
1400 hrs– 1500 hrs	**Panel Discussion 2: The Goalpost of Net Zero: Shifting Gears towards Sustainable Mobility** In order to accelerate the move towards sustainable mobility and achieve a net zero transition, a major shift in investment and business models is required, as well as a legal framework for sustainable mobility that is supported by a conducive policy environment. The session will discuss and deliberate on the following topics: • Role of E-mobility in achieving India's commitment to Net Zero Emission • Policy Interventions for creating Green and Sustainable Transport Ecosystem

1500 hrs– 1600 hrs	**Panel Discussion 3: Alternative Fuels for Decarbonising Transportation Sector** The session will discuss and deliberate on the following topics: • Opportunities and Vision for Fuel Diversification • Biofuels for Sustainable Transportation • Role of Hydrogen and Natural Gas in future of transport • NGV & Bio- NGV: A promising future?
1600 hrs– 1630 hrs	**Networking Tea/Coffee and End of Conference**
