

Workshop on Municipal Demand Side Management (MuDSM) for ULBs, UDDs, Smart City, HPSEBL, Transport Corporation, Jal Shakti Vibhag and MCs on April 5, 2023 at Dharamshala, Himachal Pradesh

As per the mandate of Bureau of Energy Efficiency (BEE), Ministry of Power, GoI the Directorate of Energy (DoE) as State Designated Agency (SDA), Government of Himachal Pradesh organised One Day Workshop on Municipal Demand Side Management (MuDSM) at Dharamshala which was attended by more than 40 participants from various departments i.e. Dharamshala Municipal Corporation, Dharamshala Smart City Ltd., Kangra Municipal Council, HPSEBL, HPSPCB, HPPWD, Himachal Pradesh Road Transport Corporation and Jal Shakti Vibhag which was executed with the assistance of Federation of Indian Chambers of Commerce & Industry (FICCI) on April 5, 2023 at Dharamshala.

The workshop was inaugurated by Er. Pankaj Kapoor, Superintending Engineer (Electrical), HPPWD who stressed on the need of Energy conservation in the municipalities, as 3-4% of energy is consumed by MCs in the country, and there is a huge scope for energy savings.

The theme address was given by Sr. Exec. Engineer, SDA (DoE). He emphasized to practice energy conservation, energy efficiency, water & wastewater management and adopting EE best management practices in their operations to optimise cost.

The technical sessions were organised on ECBC, Building Energy Efficiency, Smart City Development and integration of Energy Efficiency in the developmental planning, EV Charging infrastructure, Various Financing Models for Urban Local Bodies, Energy Efficiency Measures in City Drinking Water Pumping etc.

All participants were given participation certificates at the end of the programme.
