12:00 noon to 1:00 pm	Viksit Bharat@2047: Farmers First Agriculture is the linchpin of India's economy, contributing to inclusive growth, rural income, and food security. The sector remains a vital source of livelihood for over 50% of the population. The future of agriculture demands a strategic transformation to meet food and nutritional security of the nation. The Viksit Bharat 2047 initiative, spearheaded by the Indian government, envisions a comprehensive overhaul of the agricultural sector with the vision of Farmer prosperity. This session, titled "Viksit Bharat 2047: Farmers First" aims to explore sustainable, technology-driven, and inclusive approaches to propel India towards its agricultural development goals. Featuring an expert panel, the conference will discuss strategies, innovations, and initiatives that prioritize the well-being and prosperity of farmers, positioning them as the architects of a flourishing India by 2047.

<p>1:00 pm to 2:00 pm</p>	<p>Viksit Bharat@2047: Financially Inclusive and Empowered</p> <p>India is on a high growth trajectory, projected to become a \$5 Tn economy before the end of this decade and \$30 Tn economy by 2047. The role of digitisation of the economy in general and Digital Public Infrastructure (DPI) in particular is important in driving India's overall growth.</p> <p>The journey of Digital Public Infrastructure in India has been unprecedented. The robust Digital Public Infrastructure has played a pivotal role in enabling the country's digital transformation, providing citizen-centric and transparent governance services, and facilitating breakthroughs in various fields. The DPI journey embarked since the launch of Aadhaar has enabled India in pushing the frontiers of financial inclusion. DPI has encouraged FinTech companies and start-ups to create and provide innovative solutions in payments, credit, and other financial activities. India's success with DPI is also capturing the attention of many nations globally.</p> <p>The session will bring together experts to deliberate on the many opportunities and avenues that can be spawned by India's DPI and what this would mean for the country's overall growth and development during the Amrit Kaal period.</p>
