

**6<sup>th</sup> edition of FICCI Road Safety Awards and Conclave 2024**  
**28<sup>th</sup> August 2024 | FICCI Federation House, New Delhi**  
*Outlook Agenda*

<b>1345 hrs – 1430 hrs</b>	<b>Registration</b>
<b>1430 hrs – 1530 hrs</b>	<b>Business Session 1 – Comprehensive Strategies for Safer Roads: Challenges, Key Policy Interventions and Effective Urban Solutions</b>
	<p>The session will explore effective strategies for promoting responsible road use and integrating road safety with urban planning. It will also deliberate upon the systems-based approach, recognising that understanding road safety as a collective responsibility requires a significant cultural shift.</p> <p><b>Key discussion points:</b></p> <ul style="list-style-type: none"> <li>• Identifying road safety trends &amp; global best practices</li> <li>• Effective policy regulations and required interventions: Devising a feasible framework to provide compulsory insurance to all road users</li> <li>• Addressing current challenges in the sector: Infrastructure gaps, enforcement issues and potential risks</li> <li>• Introducing preventive road design, reliable transportation &amp; safe infrastructure products &amp; systems</li> <li>• Ensuring regularity in the placement of accessible pathways for pedestrians</li> <li>• Crash prevention through road user information and awareness of local laws</li> <li>• Providing education regarding required responsive action during emergencies &amp; addressing human behaviour factors in road safety</li> <li>• Standardising, regulating &amp; enforcing vehicle safety requirements to ensure the use-worthiness of existing/in-use vehicles</li> </ul>
<b>1530 hrs – 1630 hrs</b>	<b>Business Session 2 – Advancing Road Safety: Innovation, Cutting-Edge Technologies &amp; Solutions</b>
	<p>The session aims to look at road safety measures more holistically and in pace with current systems &amp; technological solutions. It will use a comprehensive approach to addressing road safety challenges with a focus on enhancing post-crash care in rehabilitation systems.</p> <p><b>Key discussion points:</b></p> <ul style="list-style-type: none"> <li>• Innovation in road safety: Exploring innovative technologies like AI, automation</li> <li>• Analysing country road conditions and devising cutting-edge &amp; newer vehicle technologies, including intelligent cruise control, horsepower limits</li> <li>• Introduction of digital road signs and ensuring their ease &amp; effectiveness</li> <li>• Significance of safe tyres in vehicles in maintaining road safety</li> <li>• Identification &amp; mitigation of accident blackspots: Solutions, counter methods</li> <li>• Enhancing post-crash care: Assessing healthcare facility capacity &amp; community and institution-based rehabilitation services</li> <li>• Increasing referral services and rehabilitation help to reduce morbidity, fatality and disability due to road crashes</li> </ul>
<b>1630 hrs – 1715 hrs</b>	<b>Networking High-Tea/Coffee &amp; Breakfast</b>
<b>1730 hrs – 1830 hrs</b>	<b>Awards Ceremony &amp; End of Conference</b>
