CLIMATE STARTUP SHOWCASE ON SUSTAINABLE AGRICULTURE

1500 Hrs, Friday 17 May 2024 **ONLINE**

India's startup ecosystem is playing a crucial role in driving sustainability efforts, where innovation meets action to tackle our most pressing environmental and social issues. In the realm of sustainable agriculture, startups are revolutionizing farming norms with tech-driven solutions, chemical-free inputs, traceable food systems, and groundbreaking products like plant-based proteins. They're the trailblazers of organic and regenerative farming, nurturing soil health and biodiversity.

Join us for the Showcase Series. Discover startups offering innovative solutions for climate change, circularity, and sustainability themed on "Sustainable Agriculture". Be part of the climate transition solution!
