FICCI

DST-FICCI Workshop on National S&T Survey 2024-25

Wednesday, 08 October 2025

Venue: ITC Windsor, Bengaluru

Tentative Programme

10:30 - 11:00 hrs	***Registration***
The National S&T Survey serves as a critical tool for assessing India's research and innovation landscape, providing insights into R&D investments, human resources, and innovation outcomes. This interactive session will engage stakeholders from the private industry and government to discuss the findings from the survey, highlight gaps in private sector participation, and explore pathways to enhance industry-led R&D. The session aims to foster dialogue on evidence-based policies, promote greater private investment, and explore collaborative approaches to strengthen India's innovation ecosystem.
